Only 50 Cents per Bottle.

It promotes the GROWTH, PRESERVES the COLOR, and increases the Vigor OVER THIRTY YEARS AGO LYON'S KATHARON FOR THE HAIR WAS first placed in the market by Professor E. Thomas Lyon, a graduate of Princeton College. The name is derived from the Greek, "KATHARO," signifying to cleante, purify, rejuvenate, or restore. The favor it has received, and the popularity it has obtained, is unprecedented and incredible. It increases the Growth and Brautr of the Hair. It is a delightful fressing. It eradicates Dandruff. It prevents the Hair from turning gray. It keeps the head cool, and gives the hair a rich, soft, glossy appearance. It is the MME in GURANTHY AND QUALITY as it was over a GUARTER Of a CENTORY AGO, and is sold by all Druggists and Country Stores at only Fifty Cents per Bottle.

Jehn Bright.

The re-entry of the great Liberal Statesman into public life, is rightly considered the most important event of the day in English politics. He had been silent nearly four years, during most of which time he was forbidden to read a debate, or even converse on politics. The process of re-electing him to Parliament, after his acceptance of a place in the ministry, was only a formality. The Conservatives knew it was useless to contest Birmingham against its trusted leader of old.

How to Live Economically.—The problem of how to economize in living is one that engages the serious attention of a great many people. "Many a little makes a mickle," was one of Benjamin Franklin's "Poor Richard," truism that summarizes the whole system of popular extravagance. If you wish to save money, economise in little as well as in large items of expenditure. For all the household purposes for which polishing powders, Bath brick and soap are usually used, excepting the one thing of washing clothes, Sapolio is by many times the cheapest article that can be employed. To say nothing about its great superiority to all other substances, it is, on the score of money alone, by far the cheapest. Remember this fact and save many dollars every year.
